A large, bright, circular light effect is positioned in the lower-left foreground, partially obscuring the man's legs.

A muscular, brown-skinned arm is shown from the shoulder down to the hand. On the upper arm, there is a large, dark, circular tattoo that resembles a mouse ear. The arm is flexed, showing detailed muscle definition. The background is a dark blue with numerous white diagonal lines radiating from the center, creating a sense of motion or impact.
